PMC2-DV
PMC series
Wall-mount Motor Controller

The **PMC Motor Controller** was designed to control **up to two electrically compatible motors** separately or simultaneously using the **switches located on the front panel** of the controller.

PMC is equipped with the **Manual Phase Align** (MPA) module that allows **swapping between phases** easily by **rotating pins L2 and L3 on the main connector**.

All electrical components carry their own individual **cSA/UL** and **CE** and **comply with the European Directives**.

All components are housed in a **robust box** with powder coating.

- Controls **up to 2 direct voltage hoists**
- Protection of outputs: **MCB16A** and **RCD 30mA**
- **Manual Phase Align** (MPA) using power input connector
- Hoist types: **BGV D8, BGV D8+**
- Output: **CEE16/4p**
